MCLastoria Ranks & Perks

Every rank, everything it unlocks, and the commands it switches on. Ranks stack - each one includes everything below it. Nothing on this list makes you hit harder, take less damage or get better loot.

How to read this

The five paid ranks run in order: Mystic, Hero, Champion, Legend, Ancient. Each inherits everything from the one before, so you only ever need to read your own rank and the ones below it.

Veteran and Artisan are not for sale. They branch off Champion, so they include everything up to and including Champion and then add their own perks.

Separately from all of this, five EARNED ladders are scoring you already and cannot be bought at all. Type /rank. They hand out the same kinds of perk this page sells.

Traveler - free

Where everyone starts, and a complete way to play the server. Nothing below is locked behind money.

/sethome, /home, /delhome	3 homes.
/tpa, /tpahere, /back	Teleports to and from players and your last position.
/pay, /balance	The economy. You start with \$100.
/mail, /msg, /ignore	Messaging, online and off.
/kit	Starter kits.
/jobs join	All 12 jobs. The main money faucet, free to everyone.
/town new	Found or join a town, claim land, go to war.
/uc	7 cosmetics - 5 hats, 1 emote, 1 particle trail.
Chest shops	Up to 10 of your own.
Auction slots	2 listings at a time on /ah.
Nether and End	Both open.

Mystic - the first paid rank

The biggest single jump on the ladder. Everything in Traveler, plus:

/vault	Your own private room. Teleports you in; nobody else can reach it.
/claimplot	A protected 20x20 plot placed wherever you like, outside town land.
/claimplot info	Your plot, its size, and whether your rank allows a bigger one.
Donor plots	Access to donor-only rental plots and houses at spawn.
Donor dungeons	Access to the donor-only dungeons.
/imageframe create	Put real images and GIFs on item frames. Off entirely below Mystic.
/uc	175 cosmetics - every hat and every emote.
Chest shops	15.
Auction slots	3.

One plot, forever

/claimplot gives you exactly one plot for the life of your account. Ranking up never gives you a second - /claimplot resize grows the one you have, in place, keeping your build, name, members and flags. It will refuse rather than overlap someone else. Letting a rank lapse never deletes your plot.

Hero

Everything in Mystic, plus:

/nick	Coloured nickname, full colour codes.
/uc	209 cosmetics - adds every particle effect: wings, halos, footprints, auras.
/claimplot resize	Grows your plot to 25x25.
Chest shops	20.
Auction slots	4.

Champion

The quality-of-life rank - the one you feel every session. Everything in Hero, plus:

/enderchest	Your ender chest, anywhere.
/workbench	A crafting table, anywhere.
Homes	5 instead of 3.
CraftBook mechanics	Working bridges, elevators, gates and doors from signs.
/uc	289 cosmetics - adds all 80 pets.
/imageframe clone, setaccess	Copy your own image maps and control who may use them.

/imageframe marker	Add markers to your image maps.
/claimplot resize	Grows your plot to 30x30.
Chest shops	25.
Auction slots	2.
Auction slots	5.

Legend

Everything in Champion, plus:

Homes	10 - the most on the server.
/uc	320 cosmetics - adds the mounts and all 9 death effects.
Jobs income	+10% money from every job.
/imageframe playback	Pause and seek animated image maps.
/imageframe giveinvisibleframe	Invisible item frames.
/claimplot resize	Grows your plot to 35x35.
Chest shops	30.
Auction slots	6.

Ancient - top of the paid ladder

Every cosmetic the server has. Everything in Legend, plus:

/uc	465 cosmetics - everything available. Adds the morphs, all 33 gadgets, 12 suits and 35 projectile effects.
/uc rename	Rename your active pet.
Jobs income	+20% money from every job.
Always join	You get in even when the server is full.
/imageframe overlay	Overlay an image on a vanilla map.
/claimplot resize	Grows your plot to 40x40 - the largest paid plot.
Chest shops	40.
Auction slots	6.
Auction slots	8 - the most on the server.

Veteran - earned, not sold

Handed out by staff for time on the server and for taking part in events. It is not in the store and it never will be. Veteran branches off Champion, so it includes everything up to and including Champion, and then adds its own perks.

Everything in Champion	/vault, /claimplot, /enderchest, /workbench, 5 homes, CraftBook mechanics, pets, donor plots and dungeons.
/nick	Coloured nickname.
/uc	301 cosmetics - Champion's set plus all 12 suits.
/claimplot resize	Grows your plot to 60x60.
Chest shops	40.

How to get Veteran

Play, and turn up to events. There is no purchase path and no application form - staff grant it manually. Events are announced in Discord, so link your account with /discord link and you will not miss one.

Artisan - staff builders

Granted by staff to trusted builders. Also branches off Champion. Not purchasable under any circumstances - it can create any item in any quantity, which is why it sits outside the donor ladder entirely.

WorldEdit, VoxelSniper	The full build toolset.
Creative mode	Toggle in and out.
/uc	333 cosmetics - Champion's set plus all projectile and death effects.
CraftBook	The complete mechanic set.
/claimplot resize	30x30.
Chest shops	25.

Buying a rank

Ranks apply automatically, normally within about 30 seconds of the payment completing - there is nothing to claim and no ticket to open. If yours has not appeared, check that you have joined the server at least once using the exact name you bought it for. That name is how the rank finds you.

Ranks stack	Buying Legend gives you everything in Mystic, Hero and Champion too. You never need to buy them in order or buy them separately.
Your plot survives	If a rank ever lapses, your claimed plot is not deleted and not shrunk. Builds are never destroyed by a rank change.
Vaults stay yours	Vault assignment never expires on its own.
Wear it or don't	<code>/rank donor</code> puts your bought rank on as your title, and <code>/rank <ladder></code> swaps it for an earned one. You can change your mind as often as you like.

Boost tokens

The one other thing the store sells. A boost token is not a perk for you - it is a multiplier for everybody online, and you choose when to set it off, with your name on it. `/boost activate <type>`. Two of the same type extend the timer rather than stacking the multiplier, so a bulk purchase is more hours, never a bigger number.

The rule this server runs on

A paying player and a free player who put in the same hours end up in the same place. Paid ranks buy convenience, cosmetics and prestige - never an advantage.

The single biggest XP swing available to anyone is free: vote on every site and stack the mcMMO boost. No rank on this page comes close to it.

And the five earned ladders hand out vaults, homes, auction slots, warps and crate keys to anyone who plays for them. None of that is behind a payment.
